

A message to my patients:

I am writing this letter to inform you that on March 29, 2024, I am retiring from practicing obstetrics and gynecology at Care for Women.

Having been with this group for over 24 years now, I have reached a point in my life where I would like to slow down and spend more time with my family. My plan is to stay active in the community and to continue to work in Kingwood Skin Essentials, the medical aesthetic spa that is located next to Care for Women. My time here has made me very grateful to have been allowed to care for my patients over the years, and I thank you for that privilege.

I have complete confidence in all of my partners at Care for Women, and each would be happy to continue your care. If, however, you decide to transfer your care outside of the practice please let my staff know where to send your records by completing a medical records release form.

Thank you very much for allowing me to care for you over the years. I wish you the best.

Sincerely,

Jennifer M. Browning, M.D
